LANDING CONTEST: If the wind favors Runway 18! (Trees block armchair pilots' view from the ramp to 36!) Only perfect pilots permitted as judges!

UGLY AIRCRAFT CONTEST: Worst looking A/C given special notice.

PRETTIEST AIRPLANE: Other than nice words we haven't decided on actually giving winners anything. (Free Bkfst?)

MANY THANKS To our own intrepid helicopter pilot for giving rides in his R44 back in May. He promises to return as some of us have yet to ride in one! Nobody flew on June 27, the ceiling was so low the birds were walking, yet breakfast turnout was good in spite of only ground travel. Future programs to include crash courses on safety and more about CXE's history. **PLEASE PASS THE WORD, POST COPIES OF THIS!**

Breakfast is Free, but donations help fund improvements!
