Directions to Dogwood Air Park

For our Flying Friends:

Dogwood Air Park Airport Identifier: VA42

Brook VOR (BRK) 296 Radial 5.0 DME

Coordinates N38 21.6 W 077 27.0.

We are 5 miles North of Fredericksburg, Va. Located between Stafford Airport (RMN) and Shannon Airport (EZF)

The runway is 4100 ft paved with a displaced threshold for 2900 ft usable.

Traffic pattern is always to the South for separation from Stafford.

Landing Runway 27 (slight uphill) is the norm, Runway 9 if winds dictate.

American Flag flying at east end of runway for wind directions or

Stafford AWOS on 126.32

Communication Frequency 122.72 which is the same Unicom as Stafford Regional Airport so you'll have both traffic reports. We'll have a handheld on site at Dogwood.

If you are flying in, notify me in advance so I can ensure sufficient parking.

The best parking is in the grass at the East end of the runway, north of the Runway in the vicinity of the flag. Additional parking is on the grass along the North side of the Runway between the runway and the road/taxiway.

Beware of Power Lines at both ends of the field. High Tension wires are located at the east end and residential lines at the west end.

For our Ground Bound Friends:

From Washington:

Interstate 95 South to Exit 140 (Stafford)

 Turn Left (east) onto Hwy 630

0.9 mile, turn right (south) onto US Route 1 (Jefferson Davis Highway)

6.0 miles, turn left onto Route 624 (Layhill Road)

0.2 mile, turn left onto Forbes

0.6 mile, turn right onto Air Park Blvd

0.3 mile, Third house on right, big white mail box and red brick house on hill with a 50x50 hangar and 50x30 little hangar in front

From Richmond:

Interstate 95 North to Exit 133 (Falmouth) Onto Hwy. 17 Business

1.9 mile, turn left (north) onto US Route 1 (Jeff Davis Hwy)

2.0 miles, turn right onto Route 624 (Layhill Rd) (Just before Fas Mart)

0.2 miles, turn left onto Forbes

0.6 miles, turn right onto Air Park Blvd.

0.3 miles, Third house on right, big white mail box and red brick house on hill with a 50x50 hangar and 50x30 little hangar in front

Traffic Rules on Dogwood Air Park:

The big wide road with numbers painted on the ends is a runway. Don't drive on it except to cross at western end of the runway.

All roads in Dogwood Air Park are also taxiways.

Automobiles should yield right of way to aircraft. Most of our aircraft don't have a reverse.

If you're driving there is plenty of parking in front of the hangar and along the front of the yard and along the road in.

See you soon,

Randy & Linda.
